

Mrs Denise Parry

Finance and Administration Assistant

I joined MHAT central team in August 2021. I have worked in school based finance for over 30 years enjoying the day to day challenges that school finance can bring. During this time, I have worked across different schools, experiencing the varying formats and procedures of different Local Authorities. I am qualified to CSBM level, I am a firm believer in best practice and networking, working alongside schools of the MHAT.

Outside of work my hobbies all revolve around family, travelling and my love of dogs and wildlife.
